Dear Employer,

I am a video editor with over 5 years' experience in video editing and video production. I have worked with international clients such as Germany and Taiwan. I edited multiple shorts content for a YouTube channel with over 140K subscribers, and have grown a TikTok account of a Real Estate agent to over 20K followers over a few months.

I have experience editing Weddings, Corporate content, narrative videos, music videos and, Real Estate videos and, of course, Social Media content.

Feel free to have a look at my [portfolio](#) and let me know what you think! My CV is also available to view on my website.

Sincerely,

Carman Terblanche
